Regarding operation of buses of the TEDOM brand, Model C12 G In the Division "Druzba" of the Capital Bus Transport, j.s.c.

On the basis of:

- the resolution of the Board of Directors of the company Capital Transport j.s.c. dated November 6, 2007 on performance of already started proceedings on submitting the public order Supply of 9 NEQ gas solo buses.
- The resolution of the Board of Directors of the Submitter dated January 10, 2008, setting the Submitter, in compliance with § 73 of the Act on Public Orders

There was concluded a contract on supply, under conditions of financial leasing with open end for: 9 pieces of new gas solo buses of the brand TEDOM, Model C12 G, produced by the company TEDOM s.r.o.

The buses were supplied in compliance with all and any conditions of the Contract by April 15, 2008. As from April 21, 2008 the buses have been regularly operated on lines No. 9 and No. 6 in the division Druzba – Capital Transport, j.s.c.

In the course of the time of their operation, the buses did not show any technical or technological faults. The public of the Sophia town positively accepted the buses and the relation of the travellers remains positive.

The producer – the company TEDOM s.r.o. instructed the bus drivers in detail regarding the buses operation and use. There was also performed the training of service staff related to bus servicing and maintenance.

Based on assistance of experts from the manufacturing company TEDOM s.r.o., there was also performs the first service of TP-1 including exchange of oil, filters etc.

The results regarding fuel consumption seems to be positive – but he most positive feature is the influence of buses at air cleanness in the town of Sophia – this thanks to the fact that the bus engines meet environmental standard EURO 5.

For the whole time of their use, the manufacturer showed permanent interest and obtained information on conduct of the buses and their status.
